

NUITS SAINT GEORGES 1er Cru LES DAMODES

Total Surface : 13 ouvrées (1 ouvrée = 4 ares 28)

Grape Variety : Pinot Noir

Average Age of the Vines : 55 years old

Nature of the Soil : Brown calcareous soils, fine gravel, silty-clay division, reddish rubble from cryoclastic products originating from white oolite, associated with chalky limestone blocks called "Sheep's head" developed by weathering. These boulders lay on compact pink limestone, called Premeaux with levels of chert.

Harvesting : Manual Only

Average Production : 3000 Bottles

Wine Characteristics : The freshness and the purity of fruit combine with a fine structure, tender and supple. Easily approachable in its youth, it surprises by its capacity to assert its personality during ageing.
