

## NUITS SAINT GEORGES Village

**Total Surface :** 34 ouvrées (1 ouvrée = 4 ares 28)

**Grape Variety :** Pinot Noir

**Average Age of the Vines :** 50 years old

**Nature of the Soil :** This wine is the result of a blending of several parcels : The Pierres Virants (80% of the blend), En Seuvrey, The Cognées and The Porroux. The vines are rooted in limestone and chalky-clay soils from the Jurassic period: Bathonien white oolite on the top of the hill and Bajocien chalky euroques on the downslope. Directly above the village, the valley modifies certain exposures and creates a more marly soil.

**Harvesting :** Manual Only

**Average Production :** 7500 Bottles

**Wine Characteristics :** With a purple tint, intense and sometimes veering to mauve, the aromas often evoke rose and licorice.  
 Young aromas : cherry, strawberry, blackcurrant  
 Mature aromas : leather, truffle, fur, game  
 Macerated fruity notes complete the bouquet. Vigorous and robust, it has body and character with a balanced and framed structure. Long lasting on the palate, it can be fully enjoyed after several years of ageing; maturity brings a sultry and elegant roundness.
